APPENDIX B.

On further consideration of the proposal made in Para 27 regarding the teaching of Vedic recitation and Prayoga, we think that provision for teaching the subject, in the College may be entirely abolished and that if any community desires to study the subject it may be arranged for on a Grant-in-aid basis. The reason for this recommendation is that it is only a vocational subject useful for religious and ceremonial purposes, and does not possess any cultural value like the other subjects included in the curricula.

Economic Survey in the Malnad.

READ—

Government Order No. L. 2891-904—San. 28-24-1, dated the 1st October 1924, sanctioning a scheme for the improvement of the Malnad.

2. Government Order No. L. 5019-25—San. 28-24-15, dated the 19th January 1925, sanctioning the appointment of Professor S. Kesava Iyengar, M.A., F.R.E.S., Economic Survey Officer on a pay of Rs. 400 per mensem.

3. The accompanying note received from Professor S. Kesava Iyengar with his letter dated the 23rd January 1925, submitting lines of enquiry into the economic condition of the Malnad and his requirements to undertake the work.

ORDER NO. L. 5711-21—SAN. 45-24-2, DATED 4TH FEBRUARY 1925.

With reference to the direction of Government in para 14 of the Order of the 1st October 1924, that a general economic investigation of at least one typical Taluk in each of the three Malnad Districts of Shimoga, Kadur and Hassan be undertaken, the Economic Survey Officer states that if as intended Tirthahalli, Koppa and Saklespur are taken, there will be 543 villages; that an intensive survey thereof would take several years and would not result in any intelligent study of the problems as they exist. He therefore suggests an intensive study of two typical villages in every hobli of the said Taluks; that as speedy and exhaustive a survey as possible of these can be taken up as a provisional programme and that as the enquiry or survey proceeds, Government may modify or alter the programme according to the further light thrown on the subject.

2. The above proposals as well as the provisional main heads of enquiry suggested by him are approved. The villages for survey will be selected in consultation with the Deputy Commissioners concerned.

3. A monthly progress report of the work done should be submitted so as to reach Government not later than the 10th of the subsequent month.
